CONNECTING CHAMPIONS

Virtual Mentoring

We connect young people who have or had cancer
with a mentor who shares their passion.

Jack and his mentor Hugo

"When Jack was diagnosed he got very sick. He would have been out playing some sort of sport every day and suddenly he couldn't do that. He was barely able to walk sometimes and seeing your child like that is very tough. Jack meeting Hugo has been so beneficial for him."

- Emma, Jack's mum

"I was a very sporty child. I was diagnosed when I was 10. Sport is my life. Meeting Hugo meant that I could forget I had leukaemia for a bit because I was just having fun."
