CONNECTING CHAMPIONS

Virtual Mentoring

We connect young people who have or had cancer
with a mentor who shares their passion.

Adam and his mentor Cathal

"Adam was diagnosed with a brain tumour when he was five. When kids like Adam go through all that they go through, their self esteem can be affected greatly. Having an opportunity to meet and talk to their heroes means so, so much. Spending time with Cathal has been really positive for Adam. It even evolved into him getting to do TY work experience in the Connacht GAA Centre of Excellence with Cathal, which was absolutely amazing because Adam felt he wouldn't be able to do TY work experience."

- Elaine, Adam's Mum
